Working and achieving together to enrich lives and nurture bright futures

News

It has been lovely to see the children involved in so many events this week. Reception class took part in the Bikeability scheme earlier in the week and in small groups they took it in turns to use balance bikes, helping them to develop motor skills, agility, strength and co-ordination!

On Tuesday, Year 3 and children from Silver Steps, our hearing impaired group, attended King James Highschool for the Big Sing Event. The children thoroughly enjoyed the afternoon and luckily the sun was shining for their walk to and from the session!

Trim-Trail Funding

We are really pleased to let you know that we have received a very kind donation from the Free Masons to be used towards replacing some of our trim-trail equipment in the school grounds. We would like to say a massive thank you for this incredibly generous donation.

September 2024 – New Reception Class

Spaces for our new Reception class starting in September 2024 have now been allocated. If your child is joining us in September, please do say hello, we can't wait to meet you all! Look out for information on exciting dates and plans being sent to you very soon! If you would like more information on starting school for the first time, Kirklees Success Centre offers a number of drop-in sessions and courses providing useful information on what you can do to prepare your child and give them the best start at school. Please email success.centres@kirklees.go.uk for more information.

Hub of Hope

The Hub of Hope is the UK's leading mental health support database. It is provided by national mental health charity, Chasing the Stigma, and brings local, national, peer, community, charity, private and NHS mental health support and services together in one place for the first time.

Initially a simple spreadsheet of local services populated at the kitchen table of Chasing the Stigma founder and CEO, Jake Mills, the Hub of Hope was born out of Jake's own lived experience of extreme mental and emotional distress. He witnessed first-hand the difficulties in finding relevant, accessible and nearby support when it was most needed and decided to take action.

To date, the Hub of Hope has directed hundreds of thousands of people to life-changing and even life-saving support and it is now the UK's go-to mental health support signposting tool, with thousands of local, regional and national support groups and services listed.

Simply visit the website, <https://hubofhope.co.uk/> enter your postcode, and explore available services in our local area.
